

Importing Arconas 4Share Revit Furniture Families

Step 1: Import the desired configuration from the following 3 options:

- Arconas - 4Share Circular Top Table
- Arconas - 4Share Square Top Table
- Arconas - 4Share Rectangular Top Table

Step 2: Ensure the preview visibility option is On.

Step 2: Under properties, select the desired configuration. The product code is broken down as follows:

T4(Top Shape)(Diameter)(Height)

In this example, the highlighted configuration is:

T4(SC Circular Top)(21in Diameter)(18in Height)
