Nova C Back

The configurably winding Nova C allows grand seating in scale with grand indoor spaces. The bench shapes a seamless seating line for natural flow control, while the body-conscious contours ensure comfort. The small footprint makes efficient use of the space. And the configurability also goes into colors and accessories - every project can be unique.

The grand configurations are held in place by their own weight, with no need to bolt the sections to the floor, yet can be snapped apart for thorough cleaning or reconfiguration.

Finished with natural hard wax oil, a sustainable choice that works similarly to shoe polish – easy to maintain always-like-new.

The Nova C Back armrest can be placed in any slender rib of Nova C Back, Nova C Wall or Nova C Double. The default location is in the center of the bench. Customize Nova C Armrest with the vegetable tanned leather of your choice from Tärnsjö Garveri.

Leather is a natural material. With correct care and maintenance premium vegetable tanned leather will age gracefully, developing a beautiful patina with use over time.

General advice

Exposure to direct sunlight will darken “blonde” colors and bleach darker colors.

Hot, dry air can dry out leather if it is not regularly conditioned. Certain chemicals and detergents can damage the surface of the leather and tarnish the color.
