Vignelli Bench

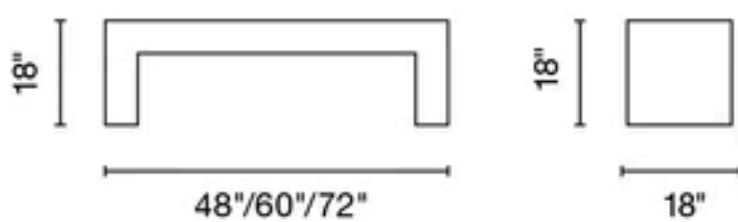

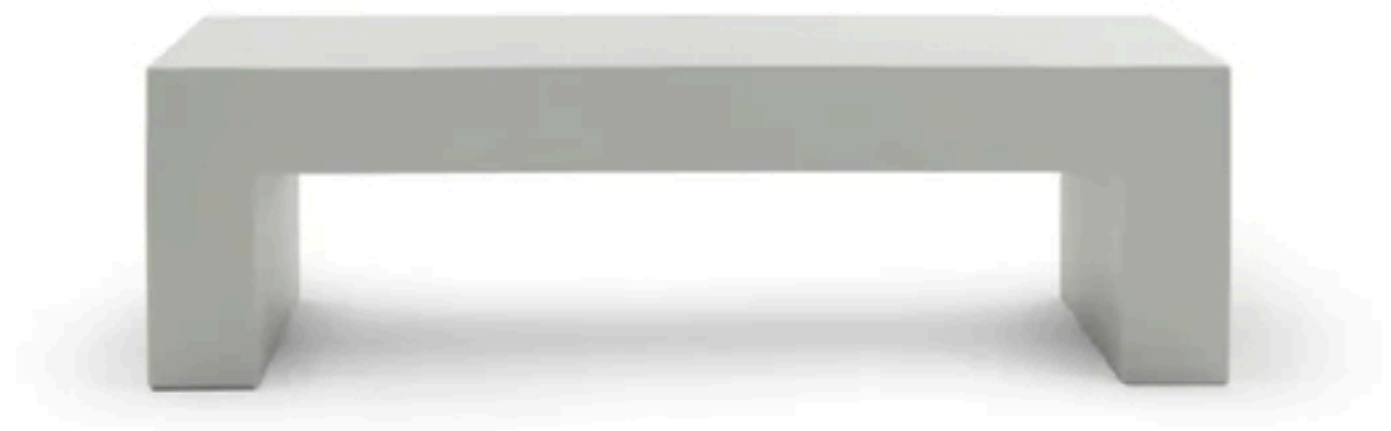

Designed by Lella & Massimo Vignelli

Date 2005

Available in three sizes and a range of colors, the indoor-outdoor Vignelli Bench is equally at home next to a pool, in an entryway or hotel lobby, on a tennis or pickleball court, or at a dining table.

When designers Lella and Massimo Vignelli couldn't find multi-purpose indoor-outdoor furniture for their home in Italy, they decided to create their own. Known for their ability to bring clarity and timelessness to everything they created, their durable, functional, and modern Vignelli Bench is a sculptural addition to any setting. Suitable for residential, hospitality, and office environments – indoors and out – this bench is a low maintenance, colorful, long-lasting piece that's made in USA.

This hollow bench weighs 40–53 pounds, but if you'd like to add sand for even more wind resistance, there is a hole with removable plug on the underside. We recommend using dry play sand that can be purchased at most hardware or landscape material stores.

HEIGHT 18"
WIDTH 48", 60", or 72"
DEPTH 18"
WEIGHT Small 40 lbs.
Medium 50 lbs. Large 53 lbs.

PACK 1 per carton/per color
