

Morelli Bench

Designed by Morelli Designers

Perforated metal bench
with cloud silver finish

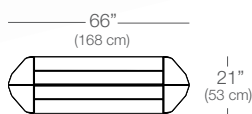

Ipe wood bench with
textured black legs

2-seater perforated metal

3-seater perforated metal

2-seater wood

The Morelli bench's elegant and timeless design visually enhances public spaces. A choice of materials, widths, and finishes allows the bench to respond to the unique needs of each environment, both indoors and outdoors.

CONSTRUCTION

- Solid aluminum cast legs
- Zinc plating for outdoor installations
- Floor mounting required

APPLICATIONS

- Airports, bus, rail and ferry terminals, office buildings, courthouses, hospitals, recreation centres, shopping malls, parks, and schools.

"Given the nature of this bench, the materials used permits great flexibility for integrating the design into different spaces while complementing the other furniture around it."

- Michel Morelli

OPTIONS

- **Materials:** Ipe wood slats or perforated steel planks
- **Widths:** 66" or 84"

FINISHES

- **Legs:** Cloud silver or textured black powder coat
- **Metal Planks:** Cloud silver or textured black powder coat
