## Nova C Bench

The configurably winding Nova C allows grand seating in scale with grand indoor spaces. The bench shapes a seamless seating line for natural flow control, while the body-conscious contours ensure comfort. The small footprint makes efficient use of the space. And the configurability also goes into colors and accessories - every project can be unique.

The grand configurations are held in place by their own weight, with no need to bolt the sections to the floor, yet can be snapped apart for thorough cleaning or reconfiguration.

Finished with natural hard wax oil, a sustainable choice that works similarly to shoe polish – easy to maintain always-like-new.
