## Leaf Lamp Pendant

Very close to how nature itself designs and based on simple principles, this sound-absorbing lamp has a harmonious, organic shape and is made from natural materials. The foliage is made of thin, unbleached wool felt leaves. Leaf Lamp is shipped as flat packages (assembled upon request). It shares its inner energy from a warm-toned large LED (your choice – not included) filtering the foliage as a soft and natural light. Leaf Lamp Pendant is available in diameter of 130 cm.

Leaf Lamp has A-class sound-absorbing qualities. It radically enhances speech perception in its proximity. Under the Leaf Lamp, a whisper is as good as a shout.
